

## ProLearn DVD Series Titles

DVD Title	DVD #
10 Ways to Avoid Losing a Customer	4132
80% Efficiency Gas Furnaces	4108
90% Efficiency Gas Furnaces	4111
A/C Components and Equipment	4044
Achieving Proper Airflow in Retrofit Applications	4149
Adding Fresh Air to Residential Systems	4113
Airflow and Static Pressure	4140
Airflow Measurements	4095
Basement Installations	4032
Basic AC Motors	4068
Basic Thermostats	4089
Best Practices in Service Work	4142
Brazing and Leak Testing R410A Systems	4135
Brazing Refrigerant Lines	4103
Calculating CFM	4120
Calculating Operating Cost Using the SEER / AFUE Calculators	4145
Checking and Sealing Ductwork	4117
Checking Capacitors	4116
Checking Electric Motors	4115
Closet Installations	4033
Combustion Efficiency Testing in Gas	4070
Commissioning the Residential System – Part 1: Air Conditioning	4154
Commissioning the Residential System – Part 2: Gas Heat	4158
Components of Total Comfort	4114
Compressor Changeout	4109
Compressor Diagnostics	4136
Compressors - Electrical Checkout	4064
Compressors - Mechanical Checkout	4065
Control Humidity for Comfort	4131
Defrost Controls	4077
Differential Pressure Controls in Gas Furnaces	4107
Dual Fuel Comfort Systems	4159
Duct Fabrication - Sheet Metal	4030
Duct Systems for Residential	4031
Economizers	4101
Electrical Troubleshooting Made Easy	4126
Electrical Troubleshooting Series 1- Air Conditioning	4147
Electrical Troubleshooting Series 2- Gas Furnaces	4151
Electricity at Work	4012

Electron World	4008
Electronic Controls Made Easy	4152
Evacuation and Dehydration	4091
Evacuation, Charging, and Checkout	4046
Expanding to Light Commercial Installation and Service	4125
Field Wiring Residential Furnaces	4038
Filters - Facts and Fables	4122
Gaining Customer Trust and Confidence	4144
Gas Combustion Furnaces (Natural Draft)	4013
Gas Furnace Venting (Natural Draft)	4017
Gas Valves	4079
Heat Exchanger Checkout	4066
Heat Pump Cleanup	4024
Heat Pump Defrost Controls	4022
Heat Pump Diagnostics	4023
Heat Pump Operation	4155
Heat Transfer and Cooling	4042
How to Control Cost	4137
How to Sell and Install a Programmable!	4118
How to Use a Duct Calculator	4146
HSI Gas Furnace Control	4093
HVAC Essentials: An Intro to AC Equipment	4110
IMC - Startup and Checkout	4105
IMC Design and Operation	4104
Indoor Air Quality	4097
Indoor Air Quality - Equipment and Methods	4128
Inside Circuits	4011
Installation and Startup: High Efficiency	4074
Installations - Attics and Crawlspace	4034
Installing and Servicing HVAC for Quiet Operation	4123
Installing and Servicing Residential A/C for Efficient Operation	4124
Installing Condensing Units & Refrigerant Lines	5036
Installing Gas Supplies	4035
Installing Residential Accessories	4037
Introduction to Heat Pumps	4019
Lennox Wiring Diagram Format	4060
Load Calculations - Part 1	4160
Load Calculations - Short Form - Part 2	4161
Metering Devices	4075
Meters and Measurements	4010
Pshchrometric Chart Applications	4150
Refrigerant Charging Methods	4072
Residential Start-up of Natural Draft Furnaces	4039
Reversing Valve-Introduction	4020
Reversing Valves Diagnostics	4021
Schematics	4099
Scroll Compressor Operation and Service	4018
Selling Up Using Financing	4141
Service Professionalsim	4092
Servicing R-410a A/C Units	4112
Sizing and Layout of Refrigerant Lines	4106
Spark Igniters - Op/Trblshtng. (Natural Draft)	4016

Spark Ignition	4073
Summer Pre-Season Maintenance	4153
Superheat and Subcooling	4102
System Setup for ECM Variable Speed Blowers	4129
Technician Safety on the Job Site	4127
The Basic Cooling Circuit	4043
Tools and Measurements	4045
Troubleshooting - Electrical (Natural Draft)	4015
Troubleshooting - Mechanical (Natural Draft)	4014
Troubleshooting Duct Systems	4134
Troubleshooting Expansion Valves	4007
Two Speed Compressor Controls	4069
Two-Stage Cooling / Heating System Control	4130
Understanding and Checking TXV's	4143
Understanding Psychrometrics	4100
Using AGA/GAMA Tables	4057
Using Enthalpy Controls for Efficiency	4119
Using Manifold Gauges as a Diagnostic Tool	4148
Using the Superheat Subcooling and Approach Methods	4138
What the Fan Laws Can Do For You	4121
When the Subject of Money Comes Up	4139
Winter Pre-Season Maintenance - Part 1	4156
Winter Pre-Season Maintenance - Part 2	4157
Working Wires	4009
Zoned System Design	4133
